Career Objective

A highly motivated and detail-oriented Computer Science Engineering student with a robust foundation in programming paradigms, data structures, and software engineering principles. Demonstrates a profound passion for architecting scalable and efficient solutions by leveraging expertise in Java and web technologies. Possesses exceptional analytical and problem-solving abilities—sharpened through strategic pursuits such as competitive chess—complemented by excellent communication skills that facilitate seamless collaboration within multidisciplinary teams.

Education

*S J B Institute of Technology	[2022-2026]
<i>Bachelor of Engineering in Computer Science</i>	CGPA – 8.5 / 10
JS PU College	2022
<i>Department of Pre University Education</i>	Percentage: 88.8
Bunts Sangha RNS Vidyaniketan	2020
<i>Council for the Indian School Certificate Examinations</i>	Percentage: 84.7

Skills

Languages: C, Java, SQL, HTML
Developer Tools: VS Code, GitHub, MySQL
Domains: Software Development

Projects

EARLY-STAGE LUNG CANCER DETECTION USING MULTIMODAL - Completed a project that focuses on early-stage lung cancer detection using multimodal data analysis techniques. This involves integrating various medical imaging and clinical data sources to improve diagnostic accuracy and enable timely intervention.

SPORTS CLUB MANAGEMENT SYSTEM - Developed Sports Club Management System as a DBMS project to efficiently handle member registrations, event scheduling, and resource allocation

Certifications

Basic Java Certification Course : Completed training covering Java fundamentals

Basic SQL Certification Course : Completed training covering SQL fundamentals

Internship -Indian Space Research Organization-ISTRAC

Jan 2026-Present

Working as an intern in ISRO's Satellite Navigation section, involved in the generation and analysis of PRN codes for satellite signal identification and positioning.

Achievements & Interests

Secured 5th position out of a competitive field in the Under-16 Chess Championship, Bangalore (2020), demonstrating strong strategic aptitude and performance under pressure.

Selected to represent the school in the prestigious Karnataka Inter-School Association (KISA) Chess Tournament (2019), highlighting recognition for high-level competitive play.

Personal Information

Date of Birth: 20/05/2004

Place of Birth: Kundapura, Karnataka,India

Age: 21

Father's Name: Ramachandra Prabhu

Mother's Name: Veena

Currently Pursuing: 8th Semester, B.E. in Computer Science & Engineering

Languages Known: English, Kannada, Konkani

Present Location: Bengaluru, Karnataka, India
